

Growing Season Scouting Kit

Be prepared to handle whatever you come across while out scouting your fields. With this list of items in the truck, you will be fully prepared!

Plant stands and replant decisions:

- Measuring tape or wheel
- Hula hoop for soybean stand counts
- Clothesline measured off at 17' 5" for corn stand counts in 30" rows

Tools:

- Soil thermometer
- Pocket scouting book
- Agronomy guides
- Seed depth tool
- Pocket knife

Collecting specimens & marking problem areas:

- Small shovel or trowel
- Spade
- Plastic or paper bags for plant collection
- Paper towels
- Bucket
- Prescription/small bottles for insect collection
- Sharpies
- Flags
- Stakes

Protect yourself:

- Bug spray
- Sunscreen
- First Aid kit
- Rubber boots
- Gloves
- Protective eyewear if necessary

If you have any crop scouting questions, contact your Burrus Representative!
